2019 ECOS State Environmental Protection (STEP) Meeting

From the Flintstones to the Jetsons: How Technology is Transforming Environmental Protection

Washington, DC

2019 ECOS Fall Meeting

Theme to be Announced

Seattle, WA

December 17, 2018

Dear Friend of ECOS:

The **Environmental Council of the States (ECOS)** is pleased to announce an exciting conference lineup for 2019. Planned are an **April 8-10** Spring Meeting in Crystal City, VA, a **July 10** STEP Meeting in Washington, DC, and a **September 24-26** Fall Meeting in Seattle, WA.

ECOS is the national nonprofit, nonpartisan association of state and territorial environmental agency leaders. Because ECOS frequently is asked about opportunities to engage, we wanted to make you aware of **sponsorship benefits** for these well-attended gatherings, particularly as 2019 budget planning gets underway.

The theme for the **Spring Meeting** is *Partnership in Action: Advancing Collaboration, Certainty, & Confidence*. Lively discussions among state, federal, congressional, industry, and nongovernmental organization leaders will center on ways to strengthen partnerships in the coming years. The summertime **STEP Meeting**, *From the Flintstones to the Jetsons: How Technology is Transforming Environmental Protection*, will showcase state use of innovative technologies to tackle regulatory challenges and drive results. Finally, the **Fall Meeting** will build on these themes and take a closer look at top issues that emerge.

Our gatherings generally attract approximately 200 leaders from state environmental agencies; U.S. EPA, U.S. DOE, U.S. DOD, and other federal agencies; industry; and NGOs. Attached is a listing of available sponsorship opportunities. To discuss sponsorship, please contact Lia Parisien at (202) 266-4931 or lparisien@ecos.org. I extend my sincere appreciation to you for considering support of ECOS' 2019 conferences.
