Senior Manager, Net Zero Policy Advocacy  
Policy and Federal Government Affairs

The background of the entire image is an aerial, high-angle photograph of a complex multi-level highway interchange. Numerous cars and trucks are visible traveling along the various ramps and lanes of the road system.

# *To become a Net Zero company*

**by 2050 or sooner**  
and help the world get there, too

A thick, hand-drawn yellow brushstroke underline is positioned below the text "and help the world get there, too".

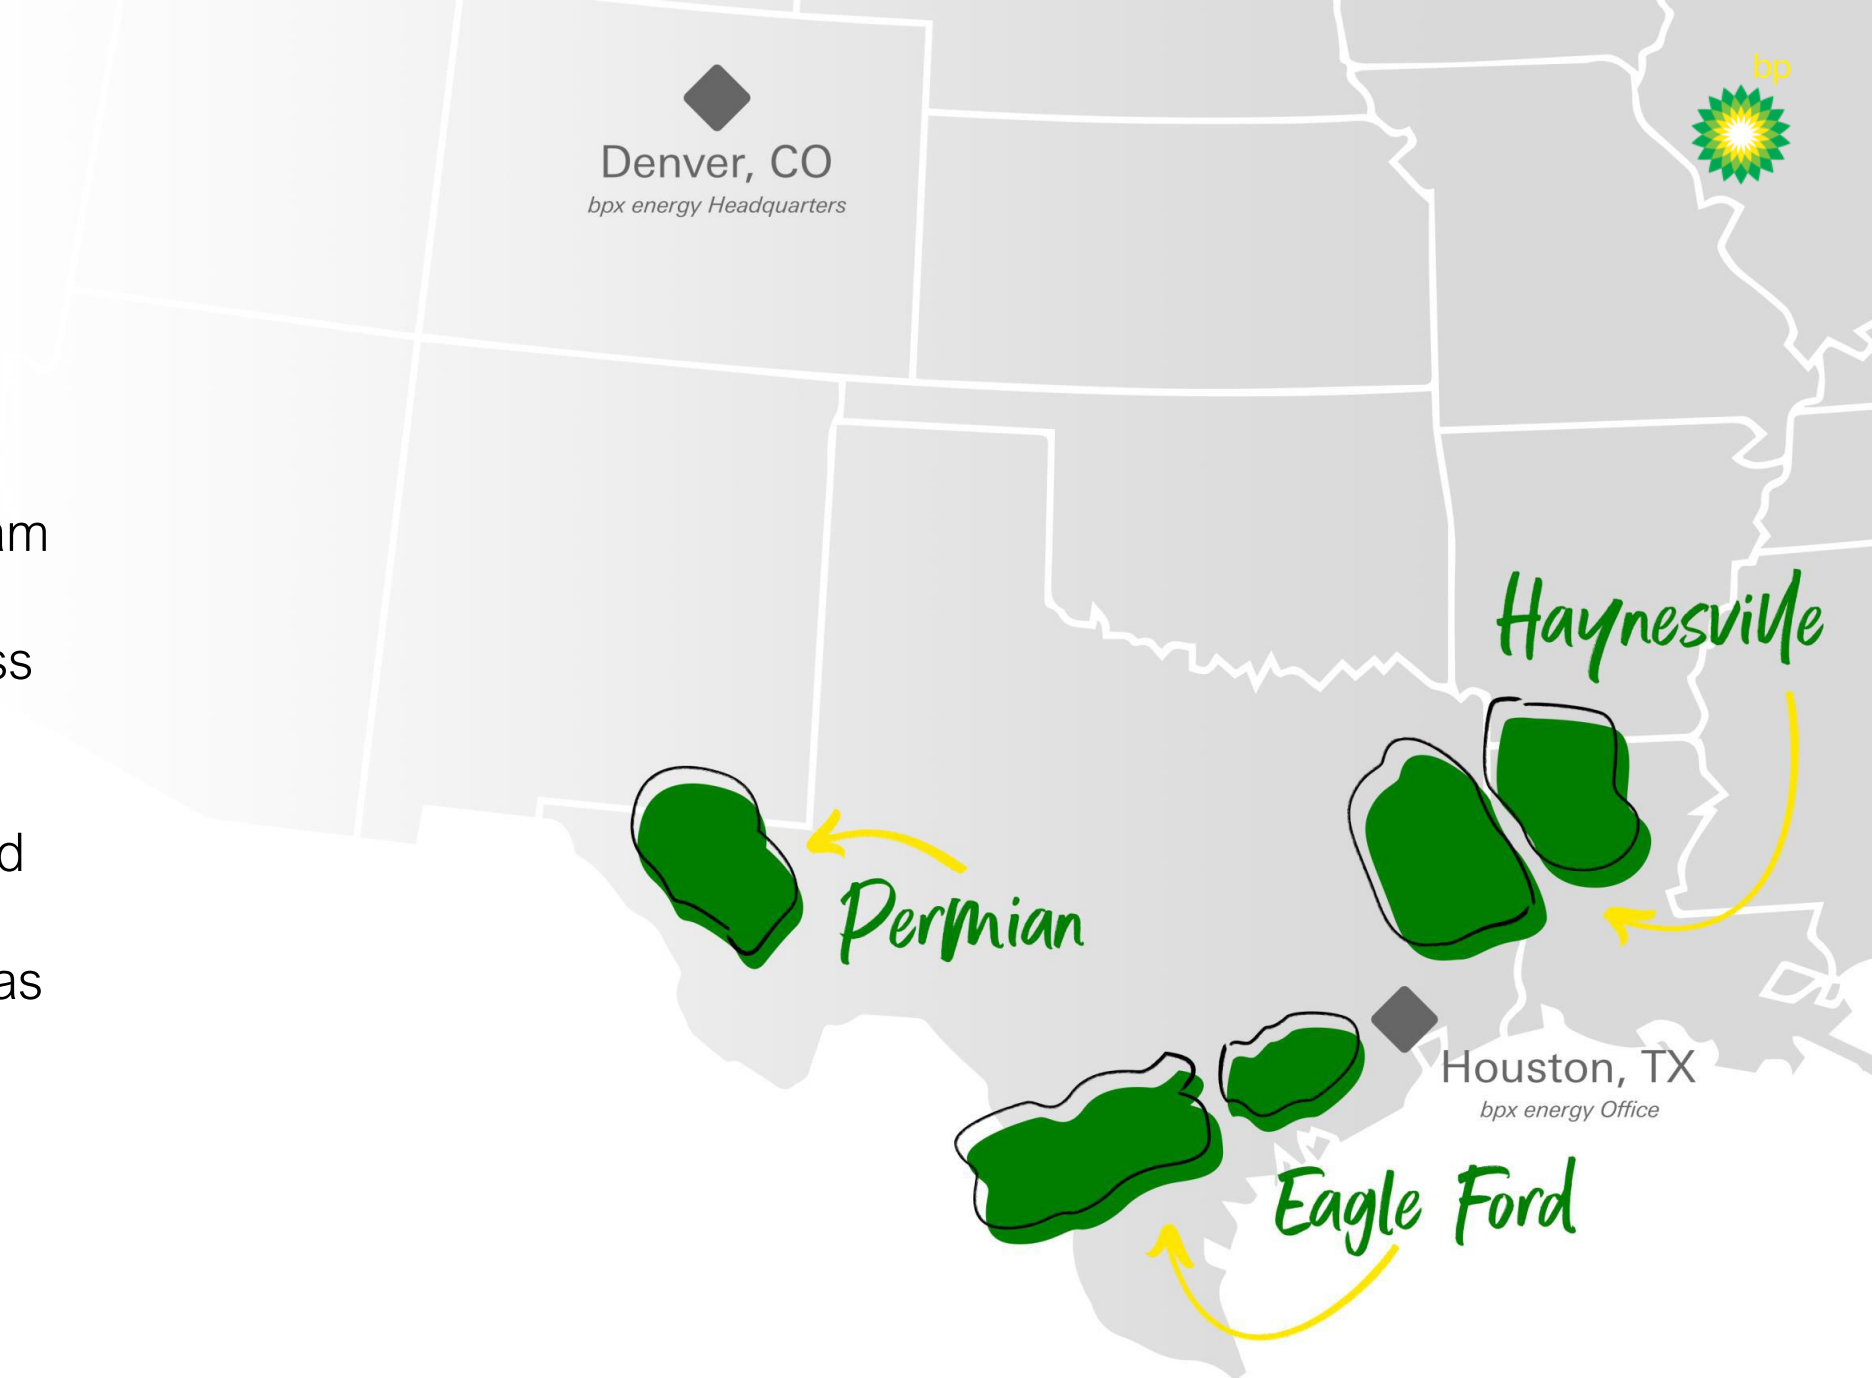

# Net Zero Operations

## bpx energy

bp's premier US upstream onshore oil and gas business with world-class unconventional assets located in the Permian-Delaware and Eagle Ford basins in Texas, and the Haynesville basin in Texas and Louisiana.

- 
- The background of the slide is a photograph of an oil drilling rig at sunset. The rig is a tall, dark metal structure on the right side of the frame. The sky is a gradient of blue and orange. In the foreground, there is a body of water reflecting the rig and the sky. On the left side of the water, there are some dry, brown reeds or grasses. A vertical yellow line runs down the left side of the slide, with four yellow circular icons containing a stylized 'S' shape, each preceding a line of text.
- Integrating multiple technologies is key
  - Timing is everything
  - A holistic, collaborative approach is essential
  - Financial case robust when planned properly
